Information ahead of the Annual General Meeting on 30 November 2026

The annual report and auditor's report for 2025 have not been finalised by signatures by all board members and the CEO and are therefore not available as stated in the AGM notice. Accordingly, no resolution on adoption of the income statement and balance sheet, appropriation of the result or discharge from liability (item 7 in the AGM agenda) is expected to be taken on 30 November. Resolutions on these matters are expected to be postponed to a continued general meeting under Chapter 7, Section 14 of the Swedish Companies Act. By law, the continued general meeting shall be held no earlier than four and no later than eight weeks after the AGM. A separate notice and agenda will be made available for such continued general meeting and the signed annual report and auditor's report will be published on the company website at least two weeks before the continued meeting. All other items will be subject to resolutions on 30 November as set out in the current AGM notice. Postal voting forms with a request under item 7 to postpone resolutions to a continued general meeting will be taken into account.
